The Exemplary Visual Arts Program was initiated over a decade ago to honor and recognize, publicly, CAEA members and their exemplary programs in California schools, pre-Kindergarten through grade 12. Through the application and dissemination process, members will be able to describe the unique characteristics of their outstanding work, and that of their students, with interested teachers, parents, administrators, school board members and curriculum developers.

The Exemplary Visual Arts Program has three primary goals:

1. To honor CAEA members and their visual arts programs, pre-k through grade 12
2. To inform others about these members and their programs
3. To promote and expand opportunities for all students in California to receive diverse, yet exemplary, visual arts educational programs.

The person being nominated must hold current membership in CAEA. It is recognized that an exemplary visual arts program must show exemplary incorporation of the CALIFORNIA VISUAL ARTS STANDARDS. In addition, it must be exemplary in one or more of the following areas to support arts instruction. Please indicate which areas are to be reviewed for the award with this nomination.
